

Helpful Information for Residents of Townhouse Villages of River Woods Homes Association

8/18/2026

The HOA office is usually staffed during the hours listed below, but you must make an appointment because vacations and duties away from the office may result in the office being closed during those hours, or meetings may be in progress. Email and phone calls will usually be answered during working hours unless the office is closed for vacations or holidays.

Monday – Thursday 9 am – 4 pm
Friday 9 am – noon

The current monthly Association fee of \$364.00 is due on or before the first of each month. Please include the month you are paying for and your unit number on your check. Make checks payable to: **Townhouse Villages at River Woods HOA**. All homeowners who pay by check receive self-addressed envelopes for each month's fees. You may also leave the envelope with your check in the mail slot by the office door. Cash is not accepted. Any fees unpaid after the due date become delinquent and incur a \$25.00 administrative charge on the 10th and an additional \$25.00 on the 20th. Legal action may be taken against the homeowner after the monthly fee becomes delinquent if the homeowner has not made an acceptable plan to bring their account current.

Homeowners with two or more NSF returns of the checks must pay with cashier's checks or money orders from then on; personal checks will not be accepted, and the office cannot accept cash.

The annual premium for the Master Insurance Plan (currently between approximately \$1,000 and \$1,500, depending on the model of your townhome) will be due by September 15th of each year. Please note that the Master Insurance premium can change annually. This plan covers the replacement of all homes (but only to the quality of when it was originally built, not including any improvements), as well as the pool and the rest of the common grounds and HOA property. It also provides liability coverage for incidents occurring on the 87 acres of common grounds, including the pool. The HOA solicits bids each summer from insurance companies known to insure condo/townhouse associations, selects the lowest qualified bid or bids, and bills homeowners through our insurance broker in September. **Insurance premiums are due in full by September 15th. There is no payment plan available, and anyone not paid by October 1 will be sent to Legal for collection and possible foreclosure at the October regularly scheduled Board meeting.**

This Master Plan **does not cover** your personal possessions and liability for any incident inside your home, or any improvements made since your house was built. In addition, the Master Insurance Plan has a high deductible (currently \$50,000). Therefore, we **STRONGLY** recommend that you buy a personal HO-6 policy to cover your personal possessions, liability, any improvements made since the house was built, as well as the deductible of the Master Insurance Plan. The cost of an HO-6 policy is usually a lot lower than the premium for the Master Insurance Plan. See your personal insurance agent for pricing.

The HOA Publishes a monthly newsletter, *The Villager*, which is available on the first of each month on the Association website (with email notification to all unit owners) or USPS mail to owners without

emails. *The Villager* and email are the Association's principal means of communication with homeowners. Please read *The Villager* and any emails carefully. The current issue of *The Villager* is always available online on the River Woods website (www.myriverwoods.org), as are older issues. The website also provides information about the Association and events happening around it.

The HOA Board of Directors meets most months. The HOA Board normally meets the third Tuesday of each month, at 5:30 p.m. in the HOA office, except for December and June, when the Annual Meeting is held, whose date and location will be announced in *The Villager* and by mail/email. Homeowners are encouraged to attend the Board meetings as observers. If you have an item you need to discuss at the Board Meeting, please notify the Association office, preferably at least two weeks prior to the meeting, so we can put you on the agenda. Unless you are on the agenda, you may not participate in the Board meeting except as an observer. There are nine Board members, three of whom are elected to the Board for a three-year term at the HOA's annual meeting each June.

Watering of Common Areas: The developers of our townhouses did not provide a way for the River Woods staff to water our grassy areas, aside from the limited area irrigated by the underground sprinkling system. Any watering of areas not irrigated by the underground sprinkling system is the responsibility of individual homeowners. To encourage individual homeowners to water these areas, the Association will pay for the increased water cost of owners irrigating the grass-covered areas each summer. If you wish to participate in watering common ground areas around your unit under the water-reimbursement program, please email/call the office to sign up. Once you've signed up, the Association will reimburse you for the excess water used to irrigate common grounds. To claim reimbursement, you need to follow the following guidelines: By December 30 of each year, send a copy of **all** your monthly water bills/statements to the office. We will average your winter monthly water bills (November through March) and send you a check for the amount you paid over that average for the months May through October, **if that monthly increase is at least 25% higher than the winter monthly average.** To make watering easier, we have hoses and sprinklers available for loan if you need them. Please email/call to request them. Hoses must be removed from the lawn and coiled after each use to not impede our crews mowing. Reimbursement checks will be issued in January of the following year.

Maintaining Courtyards: Ninety-two of the 324 units have separate garages connected by a courtyard that is not part of the common grounds. If you want your courtyard maintained by River Woods' grounds crew (i.e., mowing, spraying chemicals, pruning, shoveling, salting), you need to have a signed Courtyard Signup form (available on the website) on file with the office specifying what you want done. Your courtyard should be kept free of dog defecation and any lawn furniture, toys, and other debris that would be in the way of the grounds crew. If you have a gate, it must be left unlocked.

Exterior Garage Lights: If the light on your garage goes out or if the bulbs on the common pole lights are burned out, please email/call the office. The maintenance crew replaces all bulbs on garages and globes. Photocell replacements are not available. Should the photocell go out, the entire fixture must be replaced. Only white lights are acceptable, for security reasons, on all exterior lights. Garage lights should be on from dusk to dawn, continuously, not on motion detect.

TOWNHOUSE VILLAGES AT RIVER WOODS

HOMES ASSOCIATION

INSURANCE NEWSLETTER AUGUST 2026

This outline is intended to provide you with a brief overview of the Master Insurance program in place for Townhouse Villages at River Woods Homes Association. Not all coverage and/or exclusions are outlined in this letter.

The following is a general overview of policy provisions and is, of course, subject to the actual policy terms, conditions, and exclusions.

BUILDING COVERAGES – Illinois Union Insurance Company, Kinsale Insurance Company and Paragon Insurance Holdings

The property policy provides building coverage on a replacement cost basis for the amount shown on your certificate of insurance. The policy provides “Special Form Coverage” protection against direct physical loss or damage to the buildings. This coverage includes, but is not limited to, the following perils: fire, lightning, windstorm, hail damage, falling objects, riots and civil commotion, explosions, smoke damage, removal expenses, vandalism and malicious mischief, damage by vehicles and aircraft, weight of ice, sleet or snow or water damage.

The applicable deductibles are as follows: Water Damage - \$25,000; Flood and Earthquake - \$50,000; Wind/Hail – 1% of Building Values affected by loss, subject to \$100,000 minimum; and all other perils - \$25,000. If several units are damaged by the same occurrence (i.e., Tornado) then the deductible will only apply once. Loss assessment coverage may be available on your HO-6 policy to help offset some of this deductible expense to you, the homeowner. Contact your personal lines agent to clarify. The homeowner will be responsible for paying for whatever portion of the deductible is assigned to the unit. The maximum deductible possible on home/unit is \$50,000.00 and this is the amount you should insure for the loss assessment deductible on your HO-6 policy.

In addition, part of the insurance requirements moving forward is that only electric or propane grills are allowed. Further, all grills must be at least five (5) feet away from any “covered structure”, meaning both homes and garage buildings. No charcoal grills are allowed anywhere in the association.

The major exclusions of your policy are as follows: Nuclear, Biological, Chemical and Radiological loss, Earthquake Sprinkler Leakage, Pre-Existing Property Damage, Asbestos Material, Pollution & Contamination and Terrorism.

The definition of “Building” includes:

- A. “...*Completed Additions*” and
- B. “...**Permanently installed** fixtures, machinery, and equipment. Outdoor fixtures” and
- C. “...**Personal property owned by the association that is used to maintain or service the office, shop, pool, building or structure** including fire extinguishing equipment, outdoor furniture, floor coverings, and appliances used for refrigerating, ventilating, cooking, dishwashing or laundering. **AND if not covered by other insurance**, additions under construction, alterations and repairs to the building or structure, materials, equipment, supplies and temporary structures on or within one hundred feet of the described premises, used for making additions, alterations or repairs to the building or structure.”

This means that anything *permanently* installed in a unit, such as appliances, floor coverings, carpet, cabinets, wall coverings, light fixtures and bath fixtures are part of the building and are covered by the property policy, to original builder’s specifications.

PERSONAL PROPERTY COVERAGES

It is not the responsibility of the Association to ensure your personal property. Personal property owned by individual homeowners, which is not permanently installed, (i.e. furniture, clothing, jewelry, and personal effects) should be insured under a Homeowner’s Condominium Owners policy (called an HO-6). Contact a personal lines insurance agent to discuss HO-6 insurance if you have not already done so. The HO6 policy should include a Loss assessment deductible of \$50,000 and Improvements and Betterments coverage. **If the Association levies a loss assessment, the Unit Owner is personally responsible for paying it, even if the Unit Owner does not have sufficient insurance coverage.**

LIABILITY COVERAGES – Cincinnati Insurance Co.

This policy contains a \$1,000,000 single limit of liability applying on a “per occurrence” basis for bodily injury and property damage. This limit of liability protects the Association and each individual homeowner, if a claim arises because of an occurrence on the *common premises* of the Association.

Please note that this liability coverage does not extend to you, the individual homeowner, for your personal liability exposures occurring on that portion of the premises occupied or used exclusively by you! Personal liability exposures include such things as bodily injury or property damage caused by your negligence, libel, slander or defamation. Your personal liability exposures should be insured, along with your personal property, in your own Homeowner’s Condominium Owners policy (HO-6).

Here are some examples of liability situations:

- A. *Someone interested in buying a home in the Association walks across the parking lot to the office. They slip and fall on ice, sustaining bodily injury. The Association’s Liability policy will respond to the claim.*

- B. *You are entertaining guests in your home. One of the guests slips and falls in your kitchen and sustains bodily injury. Your personal liability insurance would respond to the claim, not the Association's Liability policy.*

MISCELLANEOUS COVERAGES AND EXTENSIONS

1. The liability policy contains broadened liability coverage's which includes such features as contractual liability protection, host liquor liability protection, and incidental medical malpractice protection.
2. Directors & Officers Liability coverage with United States Liability Insurance in the amount of \$5,000,000. This extends coverage to board members, committee members and other volunteers that help run the day-to-day business of the association.
3. A commercial Crime with CNA Insurance in the amount of \$500,000 is purchased which provides protection for the Association's assets in the event of dishonest acts.
4. Federal Insurance Company also provides excess liability protection in the amount of \$5,000,000. This policy extends the liability coverage for claims arising because of an occurrence on the *common premises* of the Association.

CLAIMS REPORTING PROCEDURES

Should you experience a loss or have knowledge of a loss the following steps should be taken:

1. Call the River Woods office with all the information.
2. Kraus-Anderson Insurance will submit all necessary information to the insurance carrier(s) who will assign an adjuster to investigate the claim and make a loss settlement.
3. Communication is of the utmost importance! Therefore, in the event of a problem or a breakdown of communications, do not hesitate to contact the Claims Department (952.707.8200) with issues or questions.

MORTGAGE CHANGES

If, at any time in the future, you should have reason to change your mortgage company, pay off your mortgage or receive a request from your mortgage company for a Certificate of Insurance, email riverwoods@kainsurance.com. *If you supplied us with the name and address of your current mortgage, and it is correct, then we have already sent them a copy of the Certificate of Insurance. If this is a new lender or information has changed, please also include a copy of their written request with your email request.*

KRAUS-ANDERSON INSURANCE

Kraus-Anderson Insurance is a full-service independent insurance agency which has been located in Burnsville for over 40 years. We offer both commercial as well as personal lines insurance services, if you are a unit owner that is interested in obtaining an HO6 quote with us, please call us at 952.707.8200

Methods of Fee Payments

The Association does not accept cash for payment of fees, services, or penalties. You can pay with personal check, bank check, money order, or cashier's check.

You can save writing checks for your monthly fees through two methods:

Automatic Payments from your bank account: River Woods, using the ACH form you fill out and sign, will withdraw your association fees directly from your bank account on the 1st of each month, at no charge. If you are interested, please fill out the ACH Authorization Form and return it to the HOA office. ACH forms need to be received by the 20th of the month to be in effect for the 1st of the following month. This service can withdraw only monthly fees; the Association cannot withdraw any money from your account other than what you specify in writing.

(ACH is an acronym for *Automated Clearing House*. It is the standard system American banks use to automatically deduct money from a customer's account (with written authorization from that customer) and transfer it to another person or organization on a periodic basis. It can be cancelled by the bank customer at any time.)

Zego/PayLease: you can access this through the River Woods website and specify how much you want to pay the Association, with payment through your credit or debit card. The service charges a fee for this directly to you, depending on how you pay them. Details are on the website.

Please email/call the HOA office with questions (952-894-4368).

Late fees, fines, legal fees, and additional service fees will all be billed and mailed separately. Owners will not be sent a statement unless they have an outstanding balance.

Townhouse Villages at River Woods
ACH Authorization Form

This form **MUST** be accompanied by a **Printed Voided Check**

Please pay my monthly fees from my bank account automatically Yes ☐ NO ☐

Directions:

Please attach to this form a voided check blank from the designated account and mail to River Woods, 334 River Woods Lane, Burnsville, MN 55337. Automatic payments are deducted from your account on the 1st of each month or following business day if the 1st falls on a weekend or holiday.

This form must be received at the River Woods office by the 20th of the month to be effective for payment of the next month's dues; this includes additions, deletions or changes.

Rules and Regulations for the Townhouse Villages at River Woods Homes Association

Rules for Townhouse Exteriors & Common Grounds

Planting Regulations

Common Grounds – No owner or resident is allowed to remove or prune any trees, shrubs, etc., without prior approval from the office. Planting on common grounds by the individual homeowner is permitted only upon written approval from the office.

Courtyards – All plantings require association approval. The maintenance crew cannot mow in your courtyard if your plantings are too elaborate.

Decks and Patios with railings – Because of the possibility of injury or damage from falling flower pots, flower boxes, etc., none may be placed on top of deck/patio railings or hanging on the outside of the railings. Flower boxes hanging inside deck/patio railings are permitted, as are dual flower boxes — one inside, one outside the railing — connected by firm metal support brackets over the railing.

General Planting Rules – flowers or other plants that require trellis support or like framework are not permitted.

Regulations Applying to Common Grounds and Courtyards

Additions or Alterations of the existing structures by individual homeowners are not permitted without prior approval from the ACC and Board. This includes any signage visible on the unit.

Any resident who harasses or abuses employees, verbally or physically, or hinders them in performing their Association-assigned tasks will be liable for a \$50 fine, with repeat offenses incurring increasing fines in \$50 increments up to a maximum of \$250. If this harassment or abuse of employees persists, the Association will seek a cease-and-desist order from the Dakota County courts. The rule also applies to any resident who harasses or interferes with contractors doing work for the Association.

Mailboxes are the property of the United States Postal Service, and no additions or alterations are permitted. If you will be gone for an extended period, please arrange for someone to take in your mail or contact the Post Office to place a hold. For any issues with the mailbox key or lock, contact the Burnsville Post Office.

Pet Regulations: Pets are not permitted on the common grounds unless leashed and attended. There is a limit of two pets per unit. The Burnsville leash laws will be enforced by the HOA. The City of Burnsville's Animal Control has been given permission by the HOA Board of Directors to enter River Woods at any time and pick up any dog found running loose or to answer complaints by residents concerning pets. No leashes are to be attached to common grounds or units. Defecation by pets must be picked up and properly disposed of by the pet's owner immediately. Pet owners should take plastic baggies with them when they are walking their pets. You are responsible for cleaning up after your pets. Failure to comply could result in daily fines. Aggressive/vicious animals that may be a danger to other pets or people are not allowed. If your pet bites a person or domesticated animal, or causes injury to either, your pet will need to be permanently removed from the Association regardless of any city or

animal control guidelines. Pets are not to be left unattended on decks for lengthy periods of time. There should be no urination or defecation on decks.

There will be one warning documented in an owner's account for any pet-related incident including, but not limited to, defecation not immediately cleaned up, or an unleashed pet. The fine for the 2nd incident is \$25, and the fine increases by \$25 for each subsequent violation. Fines cannot exceed \$500 in any calendar year: if they do, you will be required to remove the pet from Townhouse Villages at River Woods Association. All costs associated with the collection and legal action regarding pets are the responsibility of the unit owner to pay and will be assessed to their unit's account.

Burnsville ordinances require all dogs, cats, and ferrets over six months old to be vaccinated against rabies. Dogs and cats are required to have some form of identification (tags, collars, microchips, etc.)

When owners do not clean up their dogs' defecation, all owners can suffer by stepping in the defecation and be offended by the odor that goes with it. It also prevents the crew from properly completing their maintenance in those areas. The Board asks all owners to help in resolving this issue and report any issues to the River Woods office. This pertains to courtyards and woods as well.

Right to Hearing. Before the imposition of certain remedies by the Board authorized by the Declaration, Bylaws and these Rules and Regulations, the Board (or a committee appointed by it) shall, upon written request of the offender, grant the offender an opportunity for a fair and equitable hearing. The offender shall be given notice of the nature of the violation and the right to a hearing, and 10 days within which to request a hearing. An owner's request for a hearing shall be made in writing to the Board (a *Request for Hearing Form* is published on the Association's website) and shall be delivered to the office or by email to river_woods@comcast.net. Such a request must be received by the Board no later than 10 days after the date of the violation notice. The hearing will be held at the next regularly scheduled Board meeting (currently the 3rd Tuesday of each month), unless the next regularly-scheduled Board meeting is sooner than 7 days from the owner's request for a hearing, in which case the hearing will be held at the next regularly scheduled Board meeting. If the offender fails to timely request a hearing or appear at a hearing, the right to a hearing shall be waived, and the Board shall take action as it deems appropriate. The decision of the Board and the rules for conduct of hearings established by the Board shall be final and binding on all parties. The Board's decision shall be delivered to the offender in writing within 10 days of the hearing, if not delivered to the offender at the hearing.

Garbage from both standard and recycling bins is collected on Wednesday mornings, starting at 6 a.m. Please place your garbage in closed bins 6 feet out from the garage and separated by at least 3 feet. If the garbage becomes scattered, it is the homeowner's responsibility to clean it up. Garbage bins are not permitted on the common grounds, nor may they be left on driveways, except on regular collection days or the evening before collection day. On some weeks with holidays, garbage will be picked up on Thursdays instead of Wednesdays. This will be noted on the website calendar each month. Your bin(s) must be removed from the common grounds (that is, replaced inside your garage) by noon of the day following collection. As bins staying on common grounds long-term are unsightly, any bins not removed from the common grounds by noon of the day following scheduled collection will be removed by the River Woods crew and brought to either the office area or the holding area for storage. Owners whose bins have been removed may retrieve them at no cost by making arrangements with the HOA office or Grounds Manager to pick them up. If owners wish the crew to return the bins to their home, the delivery fee will be \$10.

Littering: If homeowners leave litter on the common grounds – trash, old furniture, etc. – for more than 24 hours, the litter will be removed by the crew or a subcontractor (depending on the size of the litter), with removal costs assessed to the unit, plus an additional \$50 fine for littering.

Residential parking: Up to two vehicles may usually be parked in front of a double garage door, depending on location of the unit and what space is available. One vehicle may be parked in front of a one-car garage. Additional parking spaces are provided **FOR GUEST PARKING ONLY**. Car maintenance on HOA property is not permitted. No business/commercial vehicles or recreational vehicles such as campers, boats, trailers etc., are allowed on common grounds, including [driveways](#) and in front of garage doors. No vehicles with expired tabs or missing plates are permitted. Any vehicles parking on common grounds must be operable. No parking is permitted on grass, sidewalks, or fire lanes. You may not block another unit's access. **No resident parking is allowed in guest parking areas. Violations may result in immediate towing or a tag warning that the vehicle will be towed within 24 hours.**

Garage Doors must be closed. Open garage doors are unsightly and attract vandalism and theft as well as vermin. With the high density of homes in River Woods, and limited parking space, please try to be considerate of your neighbors and park your vehicles in your garage instead of outside for long periods of time.

Putting out food on common grounds for animals is prohibited; you may be subject to a fine for littering. You are permitted to put bird feed in bird feeders attached to the exterior of your townhouse.

Propane tank gas grills and electric grills are permitted on decks, but all grills must be at least 5 feet from any covered structure. Installations involving exterior gas lines are not permitted. To ensure our Master Insurance plan is not canceled, any grill on a deck observed closer than 5 feet from a covered structure may result in a \$50 fine for the unit whose deck it is on.

Charcoal or wood-burning grills or smokers are not permitted anywhere in River Woods, including on decks, a restriction required by our insurance carriers.

Fire pits and other recreational fires: No permanent ground fire pits are permitted on the common grounds. Per city ordinances, fire pits of any type, including portable fire pits, can be no closer than 25 feet from combustible materials, such as fences, houses, etc., nor closer than 15 feet from the Association property line. Any such fire **must** have a Recreational Bonfire Permit from the City of Burnsville and adhere to its requirements. Violations will not only be subject to a citation from the City of Burnsville, but a fine from the Association.

Regulations on Additions or Alterations to the Home, Garage, Exterior, Patio, or Privacy Fence

Painting or Staining of the exterior of the home, garage, patio or fence by individual homeowners is not permitted. Painting/staining of your unit is the responsibility of the Association, done on a scheduled cycle. Minor touch-ups are permitted, provided the same paint or stain as the original is used. Paint or stain for this purpose is usually available from the HOA office. To get paint or stain from the office, call or email with your request for paint and let us know what you will be painting (e.g., trim boards, siding, or deck) and your unit number. It will be delivered to your unit as soon as we can, if we have it available. Paint for the season is ordered in May or June, depending upon weather, and may run out by the end of the season. Please allow several days for a response. You may need to wait if your color is not available when you ask for it. Unused paint or stain must be returned to the office; frozen paint will not be accepted.

All patio, courtyard, and deck alterations or additions must have prior approval, in writing, by the Architectural Control Committee (ACC).

No building, fence or gate may be added to the existing structures without written approval from the ACC.

Shades, Awnings, Tents, and Screen Houses and rollup sun shades may not be attached to the exterior of the home, garage or to the patio fence. Shade umbrellas must be removable. Decks or balconies are not to be used for household storage areas. Retractable sun-setters are not allowed without approval in writing from the ACC. No shade huts of any kind allowed on decks.

Antennas, weathervanes, pennants, insignia, emblems, or name signs may not be attached to the exterior of the home, garage, or to the patio fence. Nor may they be visible above the patio fence.

Satellite dishes: All exterior changes must be approved and requested through the office prior to installation. Specifications are available from the office. **No dish may be installed on roofs.**

American flags or State of Minnesota flags may be displayed on the garage or patio.

No additional exterior lighting is permitted without prior approval of the ACC.

Lights and decorations are permitted on patios or decks for specific occasions, such as holidays or parties. They must be removed after the occasion. Holiday lights may be lit from November 21 through January 21. (If lights are frozen in, they should be removed as soon as possible but may NOT be turned on.)

All decorative lights must be turned off between 10 pm and 7 am.

Tiki torches or Chinese lanterns may NOT be on decks, patios or yards at any time.

Other non-permanent lighting: Soft white deck lighting is permitted at other times, subject to ACC approval. These lights must be installed on the inside of deck rail and/or under soffit. Must be off if deck is unattended. Must be turned off from 10 pm until 7 am.

Lights of any kind must NOT disturb your neighbors.

Christmas trees must be properly disposed of by January 20th. Do not put Christmas trees out for collection with the trash. The Association will remove your Christmas trees free of charge. Just email or call the office. All Christmas decorations, lights and stands must be removed.

No clothes lines may be attached to the exterior of the house, garage, or patio fence.

Hanging swings or swing sets are not permitted on decks, courtyards, patios, or common grounds.

Recreational equipment must be removed after use. For example, volleyball and badminton nets must be removed after the game is over. This also includes bikes, toys, pools, and other playing items. You may not damage the grounds with skateboards and bikes by riding on lawns and down grassy hills. The cost to repair any damage will be charged to the account of the unit whose owner, resident or guest causes the damage. Articles left on common grounds for 24 hours may be collected by the River Woods staff, held up to 24 hours and then disposed of if not claimed by the homeowners.

Outside Surveillance Cameras are permitted with prior approval of the ACC. (Doorbell replacement cameras, such as Ring, do not require ACC approval). However, to be approved, outdoor cameras must follow the following guidelines: They cannot be aimed at neighbors' homes; No tracking motion (the cameras often get stuck and don't reset); no flood lights; no cords showing on outside of the building (place cords behind siding); no colors other than black or brown. Cameras in your own courtyards are OK as long as they are aimed only at your private area. Cameras may be mounted only on your side of a wall or fence, on your own individual unit or garage, and are not allowed on decks.

River Woods Pool Rules 2026

Pool Hours

The pool will be open Memorial Day weekend, weather and staffing permitting, and will be open through Labor Day. Daily hours are 10 a.m. to 8 p.m., weather permitting. Any day that ambient temperatures are below 70 degrees, the pool may be closed. The pool may also be closed due to chemical imbalance or hazards within the pool area, such as broken glass. If the large red flag is up inside the pool area, the pool is closed.

Entry into the Pool - A pool tag is required for admittance into the pool area, as well as signing in for your unit. There is only one tag allowed per unit. Tags **MUST** be given to the pool monitor when entering the pool area. No exceptions. **NO TAG, NO ENTRANCE!** Tags will be returned when users leave the pool area. New owners must contact the HOA office for a tag. Current homeowners can contact the HOA office for a maximum of one replacement tag. The fee is \$5.00 for the replacement tag.

Residents:

Owners of townhouses in the Townhouse Villages at River Woods Homes Association are given a tag that permits them to use the pool.

Guests:

Each unit is allowed to bring 2 guests. **NO GUESTS ARE ALLOWED WITHOUT OWNERS PRESENT.**

If you have more than 2 guests, you must obtain prior approval via email from the office so we can notify the pool monitors. No after-hours or weekend requests will be approved until the next workday. Phone calls and emails are not monitored after hours, weekends or holidays.

NO GLASS IN POOL AREA, NO EXCEPTIONS!

State and local laws state that due to the tendency of glassware and similar materials to shatter on impact, they shall **NOT** be allowed within the pool enclosure. **ALL COOLERS WILL BE INSPECTED BEFORE ENTRY IS PERMITTED.**

Young Swimmers:

Children 15 and under **must** be accompanied by an authorized resident adult 18 or older. IDs may be requested to verify ages.

All children must be supervised at all times. It is not the responsibility of the HOA to provide a babysitter for unattended children.

Swim Attire:

Proper swimsuits/trunks are required.

Day-to-day clothing, such as t-shirts, cotton shorts, cut off shorts/shirts and other regular clothing can become heavy when saturated with water, significantly increasing the risk of drowning and therefore are not allowed.

No colored shirts.

Babies **MUST** wear a swim diaper.

Behavior

No running or horseplay is permitted, including, but not limited to, running, rough play, forced submerging of another swimmer, or throwing balls from one end of the pool to the other. Please be considerate of others using the pool and pool area.

Large Buoyant Objects & Toys

Due to limited pool size, the use of air mattresses, rafts, tubes and pool noodles will be limited, based on capacity. You may be asked to remove pool items if there is not enough space.

The following are also prohibited at the pool area:

Excessive yelling or screaming.

Foul or profane language.

Audible music. Headphones/earphones or ear buds may be worn.

Smoking, including vaping, e-cigarettes, etc.

Alcohol is not allowed within the pool enclosure. **Pool monitors will inspect all coolers.** If you have alcoholic beverages in your cooler, you will be asked to leave the pool area. Please be patient with our monitors if they ask to see your container(s). It can be very difficult to tell an alcoholic drink from a non-alcoholic drink.

No illegal drugs are allowed in the pool area. Anyone who appears to be under the influence of alcohol or drugs may be asked to leave the pool area.

Glass containers of any kind.

Pets are not allowed in the pool area. If pets are brought into the pool area, owners will be asked to remove them. If they do not, or the owner cannot be located, animal control will be called, and the pet removed.

Pool Monitors

POOL MONITORS ARE NOT LIFEGUARDS!

All pool users, including owners, residents, and guests, must respect the authority and personal boundaries of the pool monitors. If not, the unit will be suspended from using the pool. Harassment or abuse of pool monitors will result in an immediate \$50 fine, with increasing fines for repeat offenders.

Monitors reserve the right to ask anyone to vacate the pool area for any rule violations, including, but not limited to, making monitors or others feel uncomfortable by their behavior, inability to follow pool etiquette, or violating pool rules.

Pool monitors are NOT babysitters. Do not ask them to watch your children. If you must leave the pool area for any reason, take your children with you.

Homeowners are **not allowed** to request that a monitor assist them in the application of sunblock or in any other manner requiring physical touch.

The pool monitor is acting on behalf of the Association, making sure that Association rules as well as state laws regarding pools are properly enforced for your safety as well as that of your fellow homeowners.

Those residents who violate the Association rules and regulations or who are in arrears with their monthly association dues/maintenance payments will be suspended from using the pool.

Penalties for pool violations will be handled on a case-by-case basis. Possible consequences:

- Immediate ejection from pool area.
- Written notice of violation will be sent.
- Suspension of the use of facilities for up to 60 days.

- Pool tag will be confiscated for flagrant/repeated violations.
 - Fines
 - If users refuse to leave the pool when asked to by monitors, the Board may fine that user's unit \$50 at the next Board meeting.
 - Unit owners/users who force their way into the pool area despite being suspended may incur a fine of \$50 for a first violation, with fines increasing in \$50 increments for each subsequent violation while owners are still suspended from pool use.
- As with all penalties, any fines assessed may be appealed at the subsequent regular Board meeting.

Homeowner Guidelines for Architectural Change Requests

The following guidelines are designed to save time with potential questions on construction and other actions that require approval by the ACC.

Exterior stains must match the color of your unit or trim.

Gates must be stained the same color as the privacy fence. The same type of construction and design must be used. Privacy fences must be made to extend so that the gate is at right angles to the garage. Gates must open into the courtyard.

Patios: To ensure the privacy of each homeowner, the maximum length of the patio cannot extend past the homeowner's property line. In most cases, building permits must be obtained from the City of Burnsville for this work to be completed.

Storm Doors are permitted with the approval of the ACC.

Approval Procedure for Architectural Changes

1. Contact the HOA Office, get the *Architectural Request Form* from the *Specifications, Forms and Vendors* tab of the Association's website or look in your directory for the proper form.
2. Complete the form and enclose plans according to the instructions, then return them to the office.
3. The form will be returned within 45 days with approval, denial or recommended changes. **No architectural changes may be initiated without written approval of the request by the ACC.**
4. The ACC will review the finished product to ensure conformance with the approved written plans.

Homeowners may appeal any decision of the ACC at the next regularly scheduled meeting of the Board of Directors. (The Board regularly meets the third Tuesday of each month except for December and June.)

ARCHITECTURAL REQUEST FORM

To assist the Architectural Control Committee (ACC) in making a decision, please be as specific as possible about your request. Look through the following list and include the appropriate information concerning your request.

Area around Unit to be Changed _____

Purpose and/or Reason for the Request _____

Complete Scale Drawing/Picture of Work – On Back or Attach Extra Sheet

Length, Width, Height, Other Appropriate Size Dimensions _____

Material to be Used _____

Design, Style _____

Color _____

Company Name and/or Brand _____

Name _____
(Signature)

Unit# _____ Phone# _____ Date _____

The ACC allows three months for completion of work. If the work is not complete within that time, the request must be resubmitted to the committee. Requests must be in by the 23rd of the month to be considered at the next monthly meeting.

For Office Use Only

Date ACC Reviewed _____ Approved _____ Not Approved _____

Completion Date By _____ Rep. Checked Date _____

Chair _____ Rep. Approval Yes _____ No _____

Sale or Other Transfer of Unit, Resale Disclosure, Owner/Occupant Information.

Resale Disclosure Form and Procedures. All Unit Owners shall furnish to a purchaser, before execution of any purchase agreement for a Unit, or otherwise before conveyance, the following documents relating to the Association:

- (1) Copies of the Declaration (other than any CIC plat), the Articles of Incorporation and Bylaws, any Rules and Regulations, and any amendments or supplemental Declarations; and
- (2) a Resale Disclosure Certificate from the Association dated not more than 90 days prior to the date of the purchase agreement or the date of conveyance, whichever is earlier, containing the information set forth in Minn. Stat. § 515B.4-107(b) and any other information the Association requires or deems relevant.

The Association, within fourteen (14) days after a request by a Unit Owner, or the Unit Owner's authorized representative, shall furnish the required Resale Disclosure Certificate to the requesting party. The Association may charge a reasonable fee for furnishing the Resale Disclosure Certificate and any Association documents related thereto. Currently, the fee for providing the Resale Disclosure Certificate is **\$400.00**, which shall be paid by the seller at closing.

The order of the release of the Resale Disclosure documents is as follows: Resale Disclosure Packet is picked up; Association receives the required signed receipts from the buyer (included in the Resale Disclosure Packet); Upon receipt of the buyer's signed receipts and email requests from title companies, Dues Current Letter & Master Certificate of Insurance are released.

Sellers and/or their real estate agents must contact the River Woods office by email at river_woods@comcast.net to request a Resale Disclosure Packet. Resale packets are not available in PDF form. We will email you when the packet is available for pick up, by either the listing/selling agent, buyer, or buyers' agent. Sellers cannot take possession of the packet.

For the release of the Dues Current Letter & Master Certificate of Insurance - the two-week turnaround timeline for the Dues Current Letter and Master Insurance Certificate begins when the signed buyer receipts have been returned to the Association, not from the date of any email which requests the dues letter or master certificate.

If a sale falls through, the packet needs to be returned for review and prepared for a new buyer; the fee will be \$50.00 for each review, paid by seller — collected at closing. There may be additional charges for PUD/Project Questionnaires for unit sales or refinancing.

Owner/Occupant Information. Owners are obligated to keep their contact information up to date with the Association at all times, including (but not limited to) their name, mailing address, phone number, email address, an emergency contact and a garage code for emergency access. Owners with permitted renters or other occupants not on the title for the property must also inform the Association about the names and contact information for these individuals. The Association publishes a Homeowner Contact Information form and a Lease Rental Roommate Form and Checklist on its website for use by Homeowners. Failure to provide the required Forms to the Association is grounds for imposition of a fine according to the fine policy set forth herein.

Applicability of Resale Disclosure Rules & Owner/Occupant Contact Information Rules to all Title Changes for Unit. The Resale Disclosure policies and Owner/Occupant information Rules as set forth herein apply to all transfers of title of any kind, including traditional sale, gratuitous transfer/gift, deeds between Owners, and transfers by death or by estate planning document, including Trusts and Transfer on Death Deeds. Any time there is a title change, the current Unit Owner and/or the new Unit Owner must follow the Rules set forth herein. Failure to follow the Rules is grounds for imposition of a fine according to the fine policy set forth herein.

**Procedure for Handling Violations of Rules and Regulations
(Except Parking Violations and Pet Violations)
Enforcement Procedures for Violations of Rules and Regulations**

Residents wishing to make complaints should submit a written complaint to the office. All complaints are kept confidential and on file. Upon receipt of a formal complaint, the situation will be reviewed, and if a violation of HOA rules is found, an email or letter will be sent to the violator asking them to correct the problem by a specified date. If the problem is not corrected by the specified date, a series of notices, which may include increasing fines against the unit, will be issued. If those fines are not paid, ultimately the Association, as authorized in the Declaration of Covenants, may initiate a foreclosure procedure on the unit.

Possible Other Actions that can be taken include:

Notifying and issuing a complaint to the Animal Control or the City Health Inspector.

Suspending all use of the pool.

Legal Action.

NOTE: Residents are responsible for violations of Common Grounds rules and/or ACC rules committed by their guests or occupants. Violations committed by guests or occupants will be handled as though the homeowner committed them.

Fines for Non-Compliance. Homeowners who are in violation of the Declaration, Bylaws and/or these Rules and Regulations are subject to the following fines for non-compliance:

1st occurrence - written notice/warning

2nd occurrence – \$50

3rd occurrence – \$100

4th occurrence – \$150

5th and further occurrences – \$200, plus \$25 per day for continuing violations

All unpaid fines shall become assessments against the offending owner's Unit, and are liens upon the Owner's Unit which, if not satisfied, could lead to foreclosure of the lien against the Owner's Unit.

The Association may assess the reasonable attorney's fees and costs it incurs in enforcement of the Declaration, Bylaws and/or these Rules and Regulations against the offending Owner's Unit. If the fines and other allowable charges are not paid, the amount the Owner owes may increase as a result of the imposition of attorney fees and other collection costs.

Pursuant to Minn. Stat. § 515B.3-102, homeownership assistance may be available from the Minnesota Homeownership Center, (651) 659-9336; <https://www.hocmn.org/>

Additional Remedies for Non-Compliance. Any violation of the Declaration, Bylaws and/or these Rules and Regulations shall give the Board the right, in addition to any other right set forth in the Governing Document, to:

- a. Enter the Unit in which such violation or breach exists and summarily abate and remove, at the expense of the defaulting Unit Owner, any structure, thing or condition that may exist and is contrary to the intent and meaning of the provisions hereof, and the Board shall not thereby be guilty of trespass.
- b. To enjoin, abate or remedy by appropriate legal proceedings the continuance of any such breach.

Right to Hearing. Before the imposition of certain remedies by the Board authorized by the Declaration, Bylaws and these Rules and Regulations, the Board (or a committee appointed by it) shall, upon written request of the offender, grant the offender an opportunity for a fair and equitable hearing. The offender shall be given notice of the nature of the violation and the right to a hearing, and 10 days within which to request a hearing. An owner's request for a hearing shall be made in writing to the Board (a *Request for Hearing Form* is published on the Association's website) and shall be delivered to the office or by email to river_woods@comcast.net. Such a request must be received by the Board no later than 10 days after the date of the violation notice. The hearing will be held at the next regularly scheduled Board meeting (currently the 3rd Tuesday of each month), unless the next-regularly-scheduled Board meeting is sooner than 7 days from the owner's request for a hearing, in which case the hearing will be held at the next regularly scheduled Board meeting. If the offender fails to timely request a hearing or appear at a hearing, the right to a hearing shall be waived and the Board shall take action as it deems appropriate. The decision of the Board and the rules for conduct of hearings established by the Board shall be final and binding on all parties. The Board's decision shall be delivered to the offender in writing within 10 days of the hearing, if not delivered to the offender at the hearing.

Parking Violations

Special areas have been set aside for guest parking. The use of these areas by homeowners/residents to park vehicles is **not** permitted. All vehicles parked on common grounds (including roadways, vegetated areas, driving lanes, or on driveways on common grounds) are subject to the following:

1. Vehicles in violation may be tagged or towed. Some violations will result in immediate towing, such as parking in a fire lane, common driving lane, on grass or grounds, blocking another driveway or a homeowner parked in guest parking. Two cars may park in front of a two-car garage and one car in front of a one-car garage, as long as a driving lane is not impeded. Inoperable vehicles or vehicles with expired tabs are subject to immediate towing.
2. If a tagged vehicle has not been moved within 24 hours, or if the vehicle returns any time to a prohibited spot after being tagged, it will be subject to being towed away at owner's expense with no further notification.

3. If removal of the vehicle by the Association's agent is interfered with, the resident will be liable for costs incurred.
4. Towing: Only the Grounds Manager has the authority to call Captain Towing and have a vehicle towed and impounded. If your vehicle is towed, you should call 952-856-2901 to arrange for retrieval.
5. Vehicles parked in roadways or driving lanes and/or causing an obstruction during periods of snow removal and/or grounds maintenance may be towed away without notice at owner's expense. Guest parking areas should be cleared of vehicles after a snowfall so the crew can push the snow.
6. No vehicle maintenance, repair, or refinishing is allowed anywhere in the River Woods HOA, including owners' garages.

Summary of Maintenance Services the HOA Provides

Lawn Service

Spring and fall cleanup: Raking leaves, gathering debris, sweeping walks etc. The collection of leaves will happen many times during the fall season.

Fertilizing: Twice each growing season.

Weed control: Twice each growing season.

Seeding and sodding: On common grounds as needed.

Mowing: As often as necessary for a well-kept appearance – minimum of once a week except during dry spells. Walks to be free of grass clippings.

Edging sidewalks: once a year.

Trimming around all buildings, trees, etc., as needed while mowing.

Trees and shrubs: Sprayed as needed for pest control; shrubs pruned once a year; trees trimmed as needed during the winter. Trees tagged by the River Woods staff as diseased or causing a hazard, or trees tagged for removal by the City of Burnsville, will be removed and, if appropriate, replaced.

Snow plowing/snow shoveling

Streets and Driveways

Snowfalls exceeding two inches will be plowed within 12 hours after the snow stops falling.

We will open main drives as weather permits during snow.

Salt/sanding will be done as necessary.

Clear access ways to all fire hydrants within 48 hours.

Shoveling: Walkways: (a path of sidewalk running to the front door of the townhouses or to the mailboxes). Detached garage units are tended to first. Walkways will be cleared of snow as soon as possible after the snowfall has subsided, weather conditions permitting. Icy walks and steps will be attended to as soon as possible, throughout the snow event. All residents may request salt, via email, to distribute on sidewalks when slippery. Residents may request a saltshaker. Do not discard them after use; please keep them for refills.

Damages: All damages resulting from snow plowing activities will be repaired at the end of the season unless such damage renders the part inoperable.

Swimming Pool

Spring start-up and fall shutdown.

Daily service such as vacuuming, cleaning the pool area, and chemical addition.

Pool is monitored during open hours.

Refuse Service

Pickup starts at 6 a.m. Wednesday each week, except certain weeks with holidays, when pickup starts at 6 a.m. Thursdays. (Thursday pickups are noted on the monthly calendar published on the HOA website.) Both garbage and recycling bins can be put out each week.

Containers may be set out the night before collection and must be returned to garages the day of collection.

Call or email the office to make arrangements for missed pick-ups ASAP.

Waste that overflows the bins will not be picked up. Call Aspen Waste Systems (612) 884-8000 for pickup of excess garbage or larger items such as additional bags that do not fit inside waste/recycling containers, furniture, wood, etc. This may cost you an extra fee from Aspen.

Call the office to have your Christmas tree picked up for free. Do not call Aspen.

Miscellaneous

Sweep driveways once a year.

2026 Maintenance Request Form
Maintenance Deficiency or Suggestion
Grounds Items Only

This request must be returned by May 15, 2026 to be considered for the 2026 season.
All information must be completed!

Date:	
Name:	Unit#
Email Address:	

☐ Trees ☐ Mowing ☐ Trimming ☐ Weeds	☐ Shrubs ☐ Sidewalk ☐ Drive ☐ Landscape
--	--

** Please understand this is a REQUEST.....We will fit in every project possible pending budget and time restraints.
 You will be notified around mid June via email - so be sure to include your email!
 We will let you know at that time if we can honor the request.

Please Explain: Request

Suggestions to be Made:

Myself (the homeowner) will do the following:

Recommendations or comments from Grounds Manager:

Yes _____ No _____

Work will be done:

Work Denied:

Rules for Rental of Units and Rooms

Rental of Units

Per the restatement of the Declaration of Covenants of June 15, 1994, any lease or rental of a unit purchased after August 4, 1994, will be considered a violation of the Declaration of Covenants. Such violation will result in fines of \$100 per week assessed against the unit and/or foreclosure proceedings.

Units purchased before that date may be leased or rented subject to the rules contained in *The Corporate Resolution for Townhouse Villages at River Woods Homes Association* (effective on 9/17/2018), a copy of which is available on the Association's website (myriverwood.org/Documents under the title, *Renter and Roommate Resolution*).

Both owners and renters should read the rules in this document carefully, as violations will result in fines and/or legal action.

Prior to rental of a unit, owners must fill out and submit the Unit Lease/Rental Form (located on the Association website), and secure approval of both the lease agreement and renter from the Board of Directors, per the Resolution.

Note that the City of Burnsville requires a rental license for any townhouse rented in the city, and a copy of that license must be included with your *Unit Lease/Rental Form*. Applications for a rental license are available on the City of Burnsville website. (<https://www.burnsvillemn.gov/1291/Rental-Licensing-and-Inspections>)

Rental of Rooms

All units, regardless of when purchased, may lease/rent individual rooms, subject to the rules contained in *The Corporate Resolution for Townhouse Villages at River Woods Homes Association* (effective on 9/17/2018), a copy of which is available on the Association's website (myriverwood.org/Documents under the title, *Renter and Roommate Resolution*).

As with unit rentals, both owners and renters should read the rules in this document carefully, as violations will result in fines and/or legal action.

Prior to rental of a unit, owners must fill out and submit the *Roommate/Occupant Rental Form* (located on the Association website), and secure approval of both lease agreement and renter from the Board of Directors, per the Resolution.

To rent or lease a room, **the owner must also reside at the property** along with any roommate or other occupant.

Note that in both cases, getting approval of the Board requires a paid background check of prospective renters by a recognized valid background-checking firm.

Maintenance

Maintenance is divided into two main groups:

1. **Major upkeep:** This includes such items as staining/painting of dwellings, road resurfacing, re-shingling of roofs, common property sewer main repair, and major modifications to the common grounds. This is usually done by outside contractors.
2. **Day-to-day common property upkeep and repair:** This includes such items as lawn mowing, trimming, weed control, snow plowing, sidewalk shoveling, etc. This is usually done by River Woods' employees.

Courtyards are the responsibility of the homeowner. The association offers three services to homeowners who have a courtyard; mowing, pruning, and chemical applications (fertilizer and weed kill). To receive these services, you must provide a written request to the office declaring what you want and don't want done. If no request is received, there will be no work done to your courtyard. Please keep in mind, no courtyard work will be done if there are any dog droppings, lawn furniture that interferes with services, toys, etc., present. The Courtyard Signup form is available on the HOA website or from the office. The services are standardized and cannot be customized to individual unit owner preferences.

Lawn Watering: The HOA loans hoses and sprinklers for units upon request, if available. These are to be used by the homeowners to water areas within reach of the hose. (Homeowners watering common grounds will be reimbursed for the cost of the water consumed that exceeds their winter monthly bill.) To receive water reimbursements, your May through November monthly water billings must be received by December 31st of the year; they will be paid in January.

Lights: The HOA will replace burned-out bulbs on the garage fixtures and light poles on the common grounds. Please email/call into the HOA office when you see an outage.

Questions or Problems: Please email/call the HOA office. Do not make requests of members of the crew. They report to the Grounds Manager and are authorized to do only what he instructs them to do. Also, some of the crew do not speak English fluently and may not understand any requests you make; call/email the office or the Grounds Manager with any requests.

Borrowing Equipment: The HOA does not loan out Association tools and equipment (other than hoses and sprinklers) to homeowners.

Individual Homeowner / River Woods HOA Responsibilities

Responsibility of Individual Homeowners on their private lot

Repair all exterior surfaces of the owner's lot, including, but not limited to, replacing and/or the refinishing of siding, windows, decks and membranes, residence doors, fences, patios, garages and garage membranes, garage doors, light fixtures, globes, gutters, and courtyards.

All interior maintenance to the townhouse and garage.

Removal of snow/ice from decks and patios, as well as removing leaves from clogged gutters. The HOA can perform these services for an extra cost – visit the website for information and a request form (*Fall and Winter Maintenance Request*, in the *Specification/Forms and Vendors* tab) to sign up for services. If homeowners shovel their decks onto drives – PLEASE – notify the office first to make sure it can be cleared. Driving over the snow packs it down, which turns to ice, causing issues and is very difficult to clean up.

All private property of the homeowner, whether inside or outside of home.

Damage to townhouse or garage from any cause (except to the extent covered by insurance payable to the HOA) is the responsibility of the individual homeowner. The River Woods HOA, however, has the right to repair or replace any damage or deterioration to the townhouse, garage or landscaping at the owner's expense if not done promptly by the homeowner.

Repair or replacement of lawns, trees, shrubs, water, lights, mailboxes/stands or other common grounds facilities should a guest, resident or animal of the owner cause such damage by intent or accident. The homeowner whose guest, resident or animal causes such damage will be assessed for the cost of repair and these costs will become part of a special assessment against the homeowner's unit. Residents should report to the HOA office any damage observed.

Pursuant to the Corporate Resolution of 9/17/2018, every resident must refrain from making noise between the hours of 10:00 p.m. and 6 a.m. that is unreasonable and could interfere with any neighbors' sleep or right of quiet enjoyment of their Unit. Every resident shall not use profanity or make any threats, cause any disturbance, or engage in any boisterous activity that interferes with their neighbor's right to quiet enjoyment of their unit.

Unit owners are permitted to have a garage sale at their unit once a year, limited to a maximum of seven contiguous days. Small signs notifying the public of such sales may be placed on Association grounds only during the hours of the sale.

HOA responsibility on Common Grounds

All areas, lawns, trees, shrubs etc., to be maintained as needed to provide a proper level of health and beauty. **This excludes watering in areas not served by the underground sprinkling system.**

Trees, shrubs, and other plantings to be kept trimmed or to be replaced as needed.

Provide for annual opening, operation, and closing of the pool, putting green, and upkeep of the fencing, buildings, and operating equipment associated with the pool, putting green, and sports court.

Maintain ponds and woods.

Maintain street signs, walkways, paths, benches, light stands and retaining walls.

Repair or replace all blacktop streets and repair or replace all common grounds' cement walks on a scheduled basis or as needed.

Repair or replace water and sewer lines on common grounds up to utility split to line of homeowner.

HOA Responsibility on Private Property

Paint trim, doors, paint/stain wooden siding of townhouses, garages, wood deck railings. and fences that have been previously stained/painted on a scheduled basis (approximately every 8 years).

Replace light bulbs on garages on the street side.

Mow lawns, shovel snow, and apply salt, from walk-in enclosed courtyards whose owners so request by filling out the appropriate request form and submitting it to the HOA office each year - provided there are no animals, toys, lawn furniture, dog defecation or other obstructions in the courtyard at the time the grounds crew needs to mow or shovel snow. If there are obstructions in the area, or if gate is locked, that area will be bypassed until the next normal mowing or shoveling time.

Remove snow from sidewalks and driveways. The removal of snow shoveled from roofs and decks is the homeowner's responsibility.

Trim all trees from rooflines on common grounds side.

Replacement of roof shingles every 20-30 years. Note that this is the ONLY responsibility the Association has as far as roof maintenance is concerned. All other roof maintenance, such as ice dam mitigation, is the responsibility of the homeowner.
